Subject: Perched Water Zone pumping wells analytical report
Attachments: FAY Perched Zone Report - Updated Draft.pdf

Mr. Scott,

Attached please find a report including a full laboratory data package of monthly sample results from the 3 interim action perched zone pumping wells. This report covers the first 3 months of pumping, March, April, and May 2018. As stated in the Remedial Action Plan, Chemours is in the process of designing a perched water dewatering system. More information on the design and treatment plan will be forthcoming.

Parsons, our consultant on this project, will be sending a hard copy of this report to your offices soon. In the meantime, please call or e-mail me with questions or comments.

Respectfully submitted,
Kevin

Kevin P. Garon
